## MAY BUY THE SOUTHERN ROAD

PENNSYLVANIA SAID TO BE AFTER THE SYSTEM.

Is Willing to Lease It for 999 Years and Guarantee the Holders of Preferred Stock Three and a Half Per Cent.—A Compromise May be Affected and the Holders Get Four Per Cent.

The New York World publishes the following interesting rumor of the probable lease of the Southern Railway by the Pennsylvania system:

"A series of conferences having in view the passing of the control of the Southern Railway system to the Pennsylvania Railroad have been held during the week at the office of J. P. Morgan, & Co., at Broad and Wall streets.

"Nothing has yet been accomplished, though the deal, it is said, hinges upon the amount of the guaranty on the preferred stock.

"It is said that the Pennsylvania is willing to lease the Southern Railway for 999 years and guarantee the holders of the preferred stock 3½ per cent. on their investment, while the holders insist upon a guarantee of 5 per cent.

"According to a report heard in Wall street late yesterday afternoon it is not improbable that a compromise may be effected in a basis of 4 per cent.

"The terms to be given to the holders of the common stock do not appear to have been considered up to this time a matter of much moment on the part of the conference.

"The anxiety of the Pennsylvania Railroad to get control of the Southern Railway is said to be based on its ambition to control the bituminous coal trade of the country. Within the last two years it has taken some important steps in this direction by the purchase of a majority interest in the stock of the Chesapeake and Ohio and Norfolk and Western Railroads, two of the largest carriers of bituminous coal in the United States.

"It is said that the object of the recent trip of A. J. Cassatt, president of the Pennsylvania, to Europe, was to close contracts in England and France for an enormous tonnage of "soft" coal, which can be shipped profitably across the Atlantic, now that the cost of mining coal at Newcastle has been so greatly increased by the depths of the shafts.

"With the control of the Southern Railway will pass to Pennsylvania the "Air Line," known officially as the Louisville, Evansville and St. Louis Railway, and the old "Monon" road. Both of these properties will be valuable feeders to the Pennsylvania, with which they will connect at Louisville.

"The Southern Railway at present is controlled by J. Pierpont Morgan, who has taken a great many unprofitable Southern lines, reorganized and amalgamated them into a trunk line, which has now just begun to earn a small percentage on the investment.

"The Southern Railway has in late years built up a big bituminous coal traffic. It now amounts to about 25 per cent. of the total freight it carries."

### Meeting at the Friends' Church.

Mr. Chilson preached last evening to an interested congregation. The subject was The Attempts of a Triune God to Bring Humanity back to a Position Equal or Superior to its Condition before the Fall.

The discourse was clear, deep and thrilling and was so indited by the Holy Spirit that at its close the altar was soon filled with seeking souls. The afternoon meetings continue helpful. Service at 3 p. m. and 7:30 p. m. as heretofore.

### Lieut. D. J. Gilmer, Colored, Promoted.

President Dudley, of the A. M. College is in receipt of a letter from Lieut. Dave J. Gilmer, in the Philippines informing him that Lieut. Gilmer has been promoted to the captaincy of his company.

Rev. A. D. Betts, one of the best known ministers of the North Carolina Conference, is attending conference and visiting his son, Dr. J. S. Betts. His son Rev. J. R. Betts, of Randleman, is also here, and will take active work in the Conference this year.

## PROGRESS ON CITY HALL WORK.

The Walls Now Giving a Suggestion of the Handsome Appearance That the Hall Will Present.

Contractor Bain is pushing his work on the City Hall building, and the walls, which are now as high as the overhead point of the second floor, are beginning to give some suggestion of the handsome appearance the structure will present when completed. The size and style of the theatre may now be seen, as well as the offices, halls, etc., except the offices on the third floor.

The plan of the building is admirable for the purposes for which it is intended. The market house is in the centre of the building, opening on West Gaston street. The front of the hall, on Elm street, is composed of offices from first to third floor. On the second floor, in the rear of these offices, and directly over the market apartment, will be the theatre, which will be the best in the State, both in point of size and appointment, the seating capacity being nearly 1,500. Wide steps lead directly from the Elm street sidewalk to the second floor and into the theatre entrance.

Greensboro is most certain to have a structure, which for appearance, convenience, and usefulness, we may all well be proud.

## THE BOOK CONCERN SCANDAL.

Major Robbins Urges the Vital Importance of the Conference taking Emphatic Action.

To the Editor of the Telegram:

Many members of our church in the W. N. C. Conference have been mortified and grieved at the failure of the Conference heretofore to condemn in decisive terms the misconduct of our Book Agents at Nashville in resorting to deception and falsehood to procure the passage by Congress of the Act directing the payment of the \$228,000 for damages to our Southern Methodist Book Concern during the Civil War.

Even if it be true that the General Conference alone can punish those officials for that offence and order the return of that money, it is obvious to all persons of common sense that the General Conference, composed as it is of delegates from the several Annual Conferences, will content itself by expressing and acting out the sentiments of its constituent Conferences and will rise to no higher ideal. Hence the vital importance of earnest and emphatic action by the annual Conferences on this matter so that a sound public opinion upon it may be insured throughout the Church. The partisans and apologists of the offending officials spare no pains to cultivate a sentiment in their favor and have seemed to find freer access to the ear of the Church than those who are on the other side.

The undersigned makes this one more appeal to the members of the Western N. C. Conference at their coming session to take vigorous and decisive action on this important and painful subject.

WM. M. ROBBINS.  
Statesville, N. C., Nov. 6, 1900.

## Long Distance Telephone to be Moved.

The Bell long distance telephone station will be moved from Grissom & Fordham's drug store to King Bros.' cigar store. Attending to the phone is a big annoying job and Captain Ben Barnes of Grissom & Fordham's freely expressed the opinion that Col. John King doesn't know what he is getting hooked on to.

## The Telegram's Conference Reports.

The Telegram will give full reports of the sessions of Conference, and give the best reports that will be printed. Rev. J. C. Troy, one of the best known ministers of the Conference, and a newspaper man of experience will do the work for The Telegram. A large number of special orders for the paper during conference week, have already been received. The week for ten cents.

## A Letter From the President.

Judge James E. Boyd this morning received an autograph letter from President William McKinley, thanking him for congratulations and appreciating some comments made on the result of the election.

## CONFERENCE MEETS.

### WORK COTTEN WELL UNDER WAY

### NOT A DEATH IN THE WHOLE CONFERENCE LAST YEAR.

"And Are We Yet Alive and See Each Other's Face"—The Familiar Old Conference Hymn Sung—The Bishop's Remarks on the Influence of the Minister During the Year—Committees Appointed—Question Twenty the Only One Asked—No Death in China of a Methodist Missionary—Dr. Brown to Night.

The Western North Carolina Conference of the Methodist Episcopal Church, South, met in the Eleventh Annual Session at 9:30 o'clock this morning, in West Market Street church, Bishop H. C. Morrison, D. D., presiding. The religious exercises were conducted by the Bishop. The scripture lesson was from the fourth chapter of Romans, "None of us Liveth to Himself." He spoke of the preachers having touched the lives of others for good or for evil since they met one year ago. They are God's epistles, and whither we live or die we are the Lord's—God's property. Jesus rose and died that he might have a property in us. Is the Kingdom of God richer by our lives during the past year?

Hymn No. 228, the well known Conference hymn was sung with spirit:

"And are we yet alive,  
And see each others face?  
Glory and praise to Jesus give  
For his redeeming grace."

The secretary of the last Conference called the roll and a large part of the Conference members, numbering 190 responded to their names. A goodly number of lay delegates also answered.

W. L. Sherrill was elected secretary and allowed by Conference to select his assistant secretaries as follows: J. A. Baldwin, assistant secretary; R. M. Taylor, statistical secretary, with the following assistant statistical secretaries: C. A. Wood, R. D. Sherrill, R. M. Courtney, W. F. Womble, P. R. Tuttle and W. K. Boyer.

The presiding elders through J. E. Thompson nominated the following committees which were elected.

Lay—J. A. Odell and T. A. Glascock.  
No committee on memoirs. Not a member has died during the year. This is remarkable indeed.

The hours of meeting and adjournment were fixed at 9 a. m. and 1 p. m.

The Bishop announced his need of divine guidance and hoped all could see this necessity for each member. Insisted on punctuality, and in making reports asked the preachers to be definite without repetition.

Report of board of missions read by the secretary. Dr. W. R. Lamberth, missionary secretary, was introduced to the Conference. The Doctor made a few remarks concerning the report read by the secretary, and then spoke at length on the subject of missions and hoped the brethren would resolve to collect in the early part of the year at least 50 per cent. of the foreign and domestic mission fund. God has wonderfully blessed the labors of the missionaries. Thousand baptisms in Brazil last year. Dr. Lamberth is thoroughly alive to the missionary work. Rev. J. R. Moose, a member of this Conference, who is now in Corea, is doing good work according to Dr. Lamberth's statement, and is already made a presiding elder of a large district. The uprising in China is not anti missionary but anti foreign. 160 missionaries have been killed and perhaps 200; but not one missionary of the M. E. Church, South, has lost his life. Pray for a readjustment of affairs in China, was his closing appeal.

Mr. Spence, representing the Publishing House, was introduced to the conference.

Leave of absence was granted to Rev. Dr. Brooks and Rev. R. H. Parker on account of a summons to appear as witnesses in the Gattis-Kilgo suit which was to be commenced today at Oxford.

The Secretary read the report of the book agents. The report shows a net loss in the conduct of the Epworth Era amounting to \$8000. The report was referred to the committee on books and periodicals. Dr. E. O. Brown, of the Nashville University was introduced to the Conference and made extended remarks on his very important department, Ministerial education wants more money for the cause of higher education, especially for the young ministry.

Communications from the general boards, education and church extension were read and referred to proper committees. Communication from Doctor James Atkins, editor of the Sunday School Literature was read, after which the doctor made general and edifying remarks bearing on his department—the Sunday School Work. He spoke with much force on the great importance of education, not only of the ministry but the laity as well. He wants a Sunday School Institute to be held in the bounds of the Conference annually and earnestly desires the entire church to take interest in the Sunday school work.

Dr. Ragan submitted a report from trustees of Weaverville College. Read by secretary and referred. The Doctor spoke of the great work for education by this mountain institution and the Bishop said it should have some of the 20th century educational fund.

Report from Dayenport College read and referred.

Question 20. "Are all the preachers blameless in their life and official administration?" The Bishop remarked: "I will touch up the Presiding Elders," and, proceeded to call D. Atkins, F. H. Wood, S. B. Turrentine, C. M. Campbell, C. G. Little, J. J. Renn, W. R. Ware, J. Ed. Thompson, F. L. Townsend, and P. J. Carraway, who made reports for their several districts. Much was said about Holy Ghost preaching, revivals, increased membership, and finances, all of which was delightful. Their characters passed of course. "Question 20" is an important factor in Methodism. Various announcements for committee meetings were made for the afternoon.

The Bishop is exceedingly pleasant

## WIND CARRIES RUIN AND DEATH

FIFTY PERSONS KILLED IN WEST TENNESSEE.

A Tornado Yesterday Raged Over a Strip Extending from a Point Three Miles North of Lulu, Miss., to La Fayette County Tennessee, Within Fifty Miles of Memphis—Ruin in its Path.

By Wire to The Telegram.

Memphis, Nov. 21.—The list of killed and injured so far as learned in yesterday's cyclone in western Tennessee numbers fifty. Medical assistance and other relief was sent from this city. The town of La Grange suffered severe damage. The villages struck in Mississippi were Loves, Batesville, Guys and Townsville. All the LaGrange churches except the Episcopal were blown down. Southern Railway depot and a dozen business houses and residences were wrecked. The store of Banky and Gaither was blown to pieces and the dead body of Walter I. Mondy was taken out crushed in the fallen timbers. Two negro women were killed and several negro women and children hurt. Six stores were wrecked. The tornado struck resident part of the city but violence was not marked.

The total property loss of La Grange is probably a hundred thousand dollars. The roof of the Methodist church at Batesville was blown off and several residences injured. Six persons were injured at Batesville. A number were injured and buildings blown down at Guys, Switches, Townsville and Loves.

The storm raged over a strip extending from a point three miles north of Lulu, Miss., to LaGrange in Lafayette county, this State, in forty miles of this city. Communication is cut off from a large section, and there are few details.

### TELEGRAPHIC BRIEFS.

Captain Schalkenberg, who succeeded Kruger as acting president of the Transvaal republic when the latter left for Europe, has died of wounds received in battle. He took his place at the head of the scattered Boer force at the time Kruger cruised into Portuguese territory, going to Lorenzo Marquez to embark for Europe.

On Wall street this morning there was much excitement over an attempted murder and the death of the would-be-murderer. Joseph P. Meaman, in passing a crowd of brokers in front of the Western Union office, caught sight of John Daly, a messenger boy, and pulling a revolver, shot him in the cheek and hand, but not fatally. Meaman then swallowed carbolic acid and fell dead.

### To Leave Greensboro.

Mr. Chas. Harrison, who has been connected with the Keeley Institute for some time, has resigned and will shortly make his home in the eastern part of the State. He will be succeeded at the Keeley by Mr. George Brooks, who is at present with the Greensboro National Bank.

NOTES FROM  
CONFERENCE.

Yesterday was the evil day among preachers who are known as undergraduates. The Methodist plan provides for a four years' course of study for the ministers entering the Conference. Each class was being examined yesterday.

Quite a number of preachers were talking together yesterday, and the general opinion seemed to be that to stand these examinations at Conference times was quite a hardship. The suggestion was made that the committees of examination make out sets of questions to be sent to sub-committees in each district, who should conduct the examinations and return the papers to the committee in charge. This would obviate such a press of work coming right at the close of the year. It is possible that some plan like the brother's suggestion may be offered to the Conference at this meeting.

Among those on the streets yesterday was Rev. J. W. Jones, chairman of the board of trustees of the new Rutherford College. The conference appointed a board of trustees last year at Concord, and they took charge at once. Dr. Charles Weaver is in charge, and among the teaching force is Mr. L. W. Crawford, Jr., of this place. The institution has now 75 students and 100 are confidently expected at the opening of the spring term. This is considered quite a creditable showing and the friends of education are expecting much from the new college. Rev. Mr. Jones is enthusiastic over the institution. He is a brother of Mr. B. E. Jones, of this city. It is worth the trouble of attendance on the sessions of Conference to hear him and Rev. J. A. Seronce say "Amen."

In the cases of Rev. Messrs H. K. Boyer, of Mt. Airy and J. A. Baldwin, of Charlotte, the four years law of the church comes in for their removal. They have each been at their present places slightly over three years. It is understood that the Bishop has ruled that this is their limit and they will have to go. Their new charges will receive excellent and faithful pastors.

Bishop Galloway speaks of a bald-headed preacher as "one who carries his marriage certificate on top of his head." These gentlemen are largely in evidence among the visiting brethren.

One of the preachers was in earnest conversation yesterday afternoon with one of the local cotton buyers. This led one of the sinners on the street to enquire if the preacher had been paid in kind and was attending to its disposal.

The work of fixing the charges was gone over by the Presiding Elders yesterday afternoon. Everything is now ready to begin the transferring of the preachers.

Attorney General Douglas.  
Raleigh Post.

It is a high compliment which Governor Russell pays to Mr. Robert Dick Douglas, son of Associate Justice Douglas of the Supreme Court, in appointing him Attorney General to fill the unexpired term of General Walter, resigned. And, from what we have heard of the young gentleman, it is a pleasure to us to say we do not think the compliment or the confidence misplaced, but the contrary to a high degree. Though the time in which he will serve is short, yet the State has a right to expect much of him. By inheritance, he should make a fine officer, his great-grandfather and grandfather having served, and father still serving with distinction upon the bench. We wish our young fellow-citizen the highest measure of success.

New Hotel in Stokes County.

The Vade Mecum Springs water, advertised elsewhere in the Telegram and on sale at Ward's drug store, comes from a newly discovered spring in Stokes county, and is believed by many to be the most valuable water in the State. A company has been organized to develop it, and it is stated that a contract has been let for the construction of a hotel and thirty other houses.

## Next to the Consumer

is where we stand in the lumber business. At the kicking spot, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity.

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been too low and are just now getting reasonable. Your children will be glad to build at double the price it now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.

## THE NEWTON MURDER MYSTERY

THE SLAYER OF OLD MAN TRAVIS STILL UNKNOWN.

Some Theories and Suspicions but No Clue  
—A Murder of Years Ago Recalled by it  
—Neighbors Found the Body Carefully  
Tucked in Bed Where it Had Been for  
Several Days.

Newton Special to News and Observer.  
Mystery still surrounds the horrible murder of Levi Travis, a farmer, who lived alone about two miles from here, and who was found Friday with the head battered into a jelly and the body so decomposed that the house was almost uninhabitable.

Travis was about 70 years of age, and had the reputation of possessing miserly instincts to such an extent that it is believed the cause of the crime was robbery, although another object may have been in view. The drawers and other receptacles likely to contain money had been apparently ransacked, but the house was in good order.

The last seen of Mr. Travis alive was last Wednesday. Friday evening a neighbor passed the house and was attracted by a terrible smell. On entering he found the body of the old man carefully tucked in bed, the bed clothes being tucked entirely over the head and turned under the body. On throwing these back it was seen that the head and face had been terribly beaten with some blunt instrument, the skull and facial bones being badly bruised. The blood had flowed in great streams and saturated all the bed clothes.

The coroner's jury rendered a verdict that the deceased had come to his death at the hands of some person or persons unknown. It was also established that he had about \$50 in the house, but neighbors think he may have had a good deal more than that, as he was a hard worker and very saving. In fact, it was said that he rarely spent any cash except to buy land. There are many stories and suspicions connected with the crime, but nothing so far tangible enough upon which to base a clue.

One report is to the effect that Mr. Travis is soon to be married, and that fact is advanced as having a possible bearing on the case, but just how much, if any, reliance is to be placed in this rumor cannot be stated.

Discussion of this crime led older citizens here to recall a notable murder which took place near here about 60 years ago. A man named Connor was killed while asleep, his throat being cut. A brother-in-law who resided in Salisbury, 55 miles distant, was suspected of the crime and arrested.

He proved that he was in Salisbury after dark the night of the murder, and early next morning, and as there was no railroad connection between the two points, he was acquitted. Years afterward, however, while on his death-bed, the accused confessed that he had killed Connor for cruelty to his sister (Connor's wife). He established the fact that with the aid of some friends he was supplied with fresh horses at intervals along the route, and thus enabled to make the trip of over 100 miles in one night. Arriving at Connor's house, in the northern part of this county, after midnight, he cut his throat and immediately galloped back toward Salisbury.

## AFTER AGUINALDO'S SCALP.

A Former Chief has Picked a Squad of Men and Hopes to Bag the Leader.

Manila, Nov. 20.—General MacAbalos, the former Filipino chief, is prepared to start in pursuit of Aguinaldo with 100 picked natives, supported by American troops. Other ex-retel Filipinos will be used in campaigning in the country. Their offers have not been formally made yet, but they are ready if the authorities will accept their services. Aguinaldo, it is supposed, is in Northern Luzon, according to statements made by ex-rebel leaders now in Manila, confirmed from other sources.

Aglipay, a renegade native priest, long an insurgent leader in northern Luzon, has written to friends in Manila, asking for election news, and requesting to be informed whether a decision has been reached concerning the relations between Church and State, and the disposition of Church properties. The replies sent him contain the information that Church and State will be separated and that entire religious freedom will be allowed.

Hon. John E. Booker, editor of The Suffolk Herald, and ex-member of the Virginia Assembly, was stricken with paralysis at his home in Suffolk, Va., yesterday afternoon and died last night.

The bald-headed man may take some consolation from the fact that he was born that way.

## THE METHODS OF CASHIER BROWN.

Never Struck for Less Than \$1,000, and Skillfully Manipulated His Figures.

Cincinnati, Nov. 20.—The experts at work on the books of the German National Bank, at Newport, Ky., report tonight that they have so far found a shortage of \$195,000 in the books of Frank M. Brown, missing cashier, and they are not yet through with their checking. There have been all kinds of reports today about Brown having been seen at Indianapolis, Fort Wayne and other points since he left St. Louis last Wednesday, but none of these reports is believed here and his whereabouts are as much a mystery as ever.

The experts today discovered another plan operated by Brown. When a check was entered, October 31, for \$3.45, he entered it as \$2,003.45 and got the benefit of \$2,000. On the same date he put a "2" in front of an entry of \$150 and got \$2,000. The experts say that Brown repeatedly credited himself with one, two, and three thousand dollar deposits, when he did not deposit anything, but took out the amount soon afterward. Brown's books, experts say, show that he did not strike for sums less than \$1,000 in any of these transactions. All of Cashier Brown's property has been attached by Receiver Tucker.

Tonight United States Commissioner Leonard, on the affidavits of the examiners, issued a warrant for the arrest of Frank M. Brown, the missing assistant cashier and individual bookkeeper, but there is no clue to Brown's whereabouts.

## BISHOP POTTER AND HIS CRUSADE.

The Charlotte Observer, like The Telegram, is an interested spectator of the fight now kindling in New York city, but that paper does not quite agree, we take it, with us as to the propriety of ministers engaging in such work, as, for instance, is being done by Bishop Potter and his ministerial friends at present in New York. The Observer remarked yesterday that there "seems to be a gentle dispute as to who deserves the honor of beginning the present vehement anti-vice crusade in New York city—District Attorney Cardiner, Boss Croker, Mayor Van Wyck, Chief of Police Devery, Bishop Potter or Anthony Comstock."

From our way of looking at it there is no question about who deserves not only the honor, but who actually did begin the work, and who will carry it to success if it is so carried. It is Bishop Potter. To be sure Anthony Comstock has been at work a long time, but he didn't seem to gain much headway. As for the others, it is noticeable that they began only after Bishop Potter had drawn the attention of the public so forcibly that they could no longer refuse cognizance, and their efforts look like attempts to get out of the rain. In his letter last week to Mayor Van Wyck, the Bishop says:

But the thing that is of consequence, sir, is that when a minister of religion and a resident in a particular neighborhood, whose calling and character, experience and truthfulness are all alike widely and abundantly recognized, goes to the headquarters of the police in his district to appeal to them for the protection of the young, the innocent, and the defenseless against the leprous harpies, who are hired as runners and touters for the lowest and most infamous dens of vice, he is met not only with contempt and derision, but with the coarsest contumely and obloquy.

Without theorizing, there does not seem to be any doubt of the condition above mentioned, and that up till now it has not been altered. Is it unreasonable to conclude that without Bishop Potter's crusade it would still remain unaltered? Again the Bishop says:

I am not, I beg to say, unmindful of the fact that the existence of vice in a great city is, practically, an inevitable condition of the life of such a community. I am not demanding that vice shall be 'stamped out' by the police or any other civil authority. This is a task which would demand for its achievement a race of angels and not of men. But I approach you, sir, to protest with all my power against a condition of things in which vice is not only tolerated, but shielded and encouraged by those whose sworn duty it is to repress and discourage it, and, in the name of unsullied youth and innocence, of young girls and their mothers, who, though living under conditions often of privation and the hard struggle for a livelihood, have in them every instinct of virtue and purity that are the ornaments of any so-called gentleman in the land, and before God and in the face of the citizens of New York, I protest, as my people have charged me to do, against the habitual insult, the persistent menace, the unutterably defiling contacts, to which day by day, because of the base complicity of the police of New York with the lowest forms of vice and crime, they are subject.

And in the name of these little ones, these weak and defenseless ones, Christian and Hebrew alike, of many races and tongues, but of homes in which God is feared, and His law revered, and the virtue and decency honored and exemplified, I call upon you, sir, to save these people, who are in every real way committed to your

charge, from a living hell, defiling, deadly, damning, to which the criminal supineness of the constituted authorities, set for the defense of decency and good order threatens to doom them."

We believe that the church, without being sensational, without going into politics, without attempting to mix church and State or to usurp civil functions, should, nay must, take notice of such conditions. That there is danger of going too far were readily admit, that not to go at all is neglectful of duty, we firmly believe. In fact, theorize as we will, the future influence of the church upon the world will be determined more and more by its social features and its readiness and willingness to help men live better lives here, by seeking to withdraw temptation from them as far as possible, in a word, in creating a Christian environment.

## TO BE LOOKED INTO HEREAFTER

The Telegram proposes to keep track of the doings of the psychologists, the divine healers, the mental telegraphers, the hypnotists and other inventors along that line. Some days ago we noticed the altogether useless discovery of a western parson who hypnotized a gentleman to happiness by way of the gallows. Yesterday we were advertent to the discovery of the London Lancet, that the flesh of animals which die in a state of terror and exhaustion creates poison. So far we hold this statement in abeyance for further proof, as the Durham Sun has put in the inquiry as to why pork does not, therefore, poison people, since it is pretty certain that the average swine ends its career in a tolerably advanced stage of terror and exhaustion. We now learn from the New York Sun, which knows everything, that "some psychologists have gotten up a new theory of the emotions, which is not, it should be said, generally accepted, namely that we do not cry because we are sorry and run because we are frightened, but on the contrary, are sorry because we cry and are frightened because we run."

For our part we see no reason why this theory should not be immediately embraced, even accepted lovingly. It is a theory that might be convenient, and we propose to watch for its complete demonstration. It would appear to be most convenient to accept the new theory and retain the old one, too. Then most anything could be explained. Further discussing the new psychology, we learn that according to it, "we recognize a friend by a mere 'feel,' a twitter of the stomach, a wrinkle of the forehead." We might add that a friend is often recognized by a touch, also. One Mr. Wundt, who seems to be pretty well up in the new line, has exploded the old idea that there are only two kinds of feeling, the pleasant and the unpleasant, but that there is "a wool of the sense qualities shot by a warp of the affections." So far we have been unable to decide whether there is any similarity between this shooting and shooting the chute. However, that is one of the things we propose to look into.

## WITHOUT TIRING ITS READERS.

The Salisbury Sun, which is progressive and on the lookout for the interests of its town, says:

The Sun recently promised to mention the need of new enterprises in Salisbury as often as it could without tiring its readers. Agreeably to the proposition, it calls attention to the matter today. Salisbury has progressed rapidly during the past few years, is still progressing in a gratifying manner—a fact that is obvious to all—but it must be apparent to every one that unless something more is done its growth and development must sooner or later cease or become very quiet. New enterprises would bring about the desired effect, and the prosperous era which began in this city several years ago would continue in a satisfactory way.

Is there danger of a paper tiring its readers by talking too much of the industrial needs of its town? The public

is satisfied on politics. We have heard of the empire, and anarchy, and repudiation, and the death of liberty, and expansion, and contraction, and things of that kind and the people appeared to stand the monotonous round very well. We are believing now that, however the constituency of our contemporary may be inclined to get worried with its too much talk of business, ours will be more lenient and accord to us the privilege of saying just as much as we wish to say along the line of union, progress, and growth for our town and section.

The affections of another confiding soul have been blasted. The disaster is all the more serious because the poor thing was a widow, a modest, purring, unsuspecting creature, seeking heart balm. It was, this time, the widow Norton of Michigan. Through the aid of a matrimonial paper she one day became acquainted with a gallant lover, matrimonially inclined. The next day she drew \$700 from her bank, sewed it into her skirt, and married him. The next day he drew the \$700 from her skirt and skipped. That's the story in all its brevity and sadness. Perhaps the poor thing's heart would recover if she could recover her pocket book.

We congratulate our young townsman, Mr. R. D. Douglas, on his appointment as Attorney General of the State. To be sure the term is insignificant in length, but it is a great honor for so young a man nevertheless. Mr. Douglas is a very worthy young man, of excellent character. The good things seem to be going towards the young men in the Republican party just now.

## ECZEMA'S

ITOH IS TORTURE.

Eczeema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczeema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Scraps, washes nor other external applications do any real good; for as long as the poison remains in the blood it will keep the skin irritated.

## BAD FORM OF TETTER.

"For three years I had Tetters on my hands, which caused them to swell to twice their natural size. This was fifteen years ago, and I have never since seen any sign of my old trouble."—Mrs. L. B. JACKSON, 1414 McGee St., Kansas City, Mo.

## NOTICE!

To Tax Payers of the City of Greensboro, N. C.:

All taxes due the City must be paid on or before December 31, 1900, or I will be compelled to advertise and collect by distraint all taxes due the City after that date, as that is the instructions given me in a resolution passed by the Board of Aldermen at a meeting held on November 9, 1900. ## THE SOCIAL WORLD.

Social Card Club Entertained by Mrs. Jas. D. Glenn—The Shakespeare Club—The Bachelor Girls.

The Shakespeare Club, which recently reorganized for the winter, spent last evening very pleasantly at the home of the president, Miss Elsie Weatherly. The evening was devoted to the first act of Henry VIII, which play the club has decided to study first. A new feature, which will doubtless prove a source of much pleasure and benefit to the members, is a circulating library.

Those present were: Misses Elsie and Lillian Weatherly, Anna Meade Michaux, Tinnin Vivian Shober, Eleanor Brooks, Annie Mebane, and Messrs. Edward Wills, Lee and Robert Wharton, George Brooks, Charlie Cunningham, Broadhurst and Archie Carter.

The Social Card Club was delighted yesterday afternoon to be entertained by Mrs. James D. Glenn, at her pretty home on Arlington street.

The hostess gave her guests the pleasure of a hand at progressive whist. Mrs. W. P. Bynum was the successful contestant in the game and received a box of delicious candy.

The Bachelor Girls will meet tomorrow afternoon at half past three, with the Misses Balsley.

## FROM BAD TO WORSE.

**The Situation in the Philippines is Now  
Said to be Little Short of Desperate.**

Washington, Nov. 19.—A War department official this morning was authority for the statement that when General McArthur arrived at Cavite on board the Brooklyn, after an inspection of Subig Bay, he found a curt dispatch from Washington awaiting him. The message was forwarded Friday last by Adjutant General Corbin, by order of the President, and remonstrated the commander of the Department of the Philippines for his dilatory tactics and ordered him to begin at once an active campaign against the insurgents so that the war might be stamped out.

General Corbin received a reply to the message today and is alleged to be somewhat put out over the contents. In the dispatch from General MacArthur he defends his course of action and points to his daily list of casualties as an evidence of his active campaign. It is also acknowledged that the insurgents are stronger today than ever before, and that the United States cannot hope to successfully contend with the opposing forces unless heavy reinforcements are sent at once.

General MacArthur further states that the news of the result of the elections in the United States has had no effect on the natives, save to inspire them with greater activity, and that the outlook promises no speedy end to hostilities. He claims that he has scattered his forces over an enormous area and when his gallant soldiers have cleared one district and entered another they are continually harrassed, van and flank, and have neither rest nor safety at any time.

They were talking of game. "What is your favorite bird?" asked Wigwag. "A swallow," replied Guzzler, dryly.

## EDITOR'S AWFUL PLIGHT.

F. M. Higgins, editor Seneca, (Ills.) News, was afflicted for years with piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by C. E. Holton, druggist.

Lots of women know more about fashion plates than they do about dinner sets.

Both makers and circulators of counterfeit's commit fraud. Honest men will not deceive you into buying worthless counterfeit's of DeWitt's Witch Hazel Salve. The original is infallible for curing piles, sores, eczema and all skin diseases. Howard Gardner

You can't afford to risk your life by allowing a cough or cold to develop into pneumonia or consumption. One Minute Cough Cure will cure throat and lung troubles quicker than any other preparation known. Many doctors use it as a specific for grippe. It is an infallible remedy for croup. Children like it and mothers endorse it. Howard Gardner.

Capt. Peter Everett, who served under the Confederate flag with Gen. John Morgan, died at Lexington, Ky., yesterday from erysipelas.

If you have ever seen a child in the agony of croup you can realize how grateful mothers are for One Minute Cough Cure which gives relief as soon as it is administered. It quickly cures coughs, colds and all throat and lung troubles.

## A THOUSAND TONGUES.

Could not express the rapture of Annie E. Springer, of 1125 Howard-st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure—"It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So will every one who tries Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c. and \$1. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

## ROBBED THE GRAVE

A startling incident, of which Mrs. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

# WINE OF CARDU

**A LITTLE  
DOES MUCH.**

BOONE, IOWA, Dec. 14.

No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPHERE.

# McElree's Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

8155—Misses' Military Blouse.  
8061—Misses' Seven Gored Skirt.  
Waist, 12, 14 and 16 years.  
Skirt, 12, 14 and 16 years.

### MISSSES' OUTDOOR COSTUME, CONSISTING OF MISSSES' MILITARY BLOUSE, NO. 8155, AND MISSSES' SEVEN GORED SKIRT WITH BOX PLAIT EFFECT, NO. 8061.

Oxford gray Venetian is here stylishly developed in a street costume, with fancy skirt and Military blouse.

The blouse is simply adjusted with shoulder and under arms seams, the backs fitting smoothly across the back with slight fullness at the waist, arranged in tiny plaits. The fronts fasten invisibly under a double hem and are decorated with small pockets. The shoulders are strapped with stitched bands, which extend out over the sleeves and the neck is completed with a smart, high-band, turn-down collar.

The bell sleeves are shaped with inside seam only, and have slight fullness at the shoulders. They flare widely over the full undersleeve, which is confined at the wrist on a narrow band.

The blouse may be lined, if preferred.

The skirt is made with seven comparatively narrow gores, fitting smoothly around the waist and over the hips. The seams are opened, thoroughly pressed and machine-stitched. Extensions added on each side of gores, from the point where the stitching ends, are arranged in hollow box plaits and flatly pressed. The fullness thus added gives a graceful flare to the skirt around the lower edge.

There is an inverted plait at each side of the center back, where the closing is made invisible.

The costume is finished with machine stitching in strictly tailor style. Covert, cheviot, zibeline, broad or ladies' cloth are appropriate for this mode. The collar, straps and laps on the pockets may be made of velvet, if preferred, and the inside of the box plaits on the skirt covered with velvet, which will show when the wearer walks.

To make a blouse for a miss fourteen years will require two yards of fifty-four inch material. The pattern, No. 8155, is cut in sizes for misses twelve, fourteen and sixteen years. To make the skirt in the medium size will require two and three-fourths yards of forty-four inch material. The pattern, No. 8061, is cut in sizes for misses twelve, fourteen and sixteen years.

THE TELEGRAM will receive and forward orders for all patterns described in this column. The price is only ten cents for each pattern to cover cost of mailing and handling. In ordering fill blank below and send to The Telegram office:

#### The Senatorial Vote.

The Senatorial canvassing board met in Raleigh yesterday and counted the vote. Mr. Simmons received in the whole State 102,355, and Mr. Carr 47,282.

Overman, Bryan elector, got 157,736, and Prince, McKinley elector, received 132,997.

Lots of women have more trouble with their servants than with their consciences.

#### RHEUMATISM—CATARRH—DIS EASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure and so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at \$1 per large bottle, or 6 large bottles (full treatment) \$5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

Nell—"I don't care for Mr. Rounder. He seems to lack repose." Belle—"Well, I don't imagine he gets much."

They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold at C. E. Holton's drug store.

#### TO THE PUBLIC.

The City Treasurer, on account of the unavoidable delay in the collection of the taxes which were due on the 1st day of October, 1900, finds himself at present short of funds, but by reason of the public spirit and accommodation of the Southern Stock Mutual Insurance Company and the Underwriters of Greensboro, I am able to announce that the said companies will cash at their face value all interest bearing warrants issued since September 1st, 1900, by the city to school teachers, policemen and other city employees, when they are in the hands of the original holders and do not exceed \$100 each, provided that this order does not hold good after \$3,000 has been expended in cashing the said warrants. Applications should be made at the bank counter of the Southern Loan and Trust Company.

Z. V. TAYLOR, Mayor

A cyclone which came from the south struck the lower edge of Summit, Miss., yesterday afternoon, completely demolishing two residences, damaged a dozen others more or less; leveled fences and uprooted trees. Mrs. A. M. Allison and Mollie Norman were seriously injured.

#### A GOOD THING.

German Syrup is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing, as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its rapidly increasing sale every season confirms. Two million bottles sold annually. Boschee's German Syrup was introduced in the United States in 1868, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. Price 75 cts. **The Czar's Most Trusted Servant**  
Gen. Alexei Nicolaievich Kurapatkin, the Russian minister of war, is probably the most trusted, the most powerful and most faithful servant of the czar. His rise to rank and power was gradual but sure, and in 1896 he was made absolute master, under the czar, of the armies of all the Russias. He began his military career in Turkestan when a youth, and has served with distinction in all Russia's wars for many years.
